PROFESSIONAL SUMMARY

Accomplished Full Stack Web Developer skilled in the MERN stack. Proficient in designing RESTful APIs with Node.js and building responsive interfaces using React.js. Strong collaboration and problem-solving abilities, quick to adapt to new technologies, with a passion for leveraging AI tools to enhance project quality.

EXPERIENCE

Full Stack Developer

QICPIC Innovation Pvt. Ltd

Dec 2024 – Present

- Built scalable backend APIs for the CAP platform using Node.js, Express.js, and PostgreSQL.
- Integrated payments, WebSocket-based real-time updates, and Kafka for inter-service messaging.
- Developed dashboards (DAP, Trainer Panel) using React.js and Redux; collaborated with cross-functional teams.
- Deployed services on AWS and implemented secure image handling with encryption/decryption.
- Collaborated with frontend developers, designers, and product managers to ensure seamless user experience.

Quality Inspector - VQA

Tata Motors

June 2023 – June 2024

- Diagnosed root causes for production line complaints and initiated corrective actions to improve quality.
- Coordinated return and segregation of defective parts, enhancing vendor accountability.
- Addressed dimensional accuracy issues, strengthening quality standards and communication with vendors.

PROJECTS

Weather Application

React, JavaScript, HTML5, CSS3

Live Demo & GitHub

- Built a dynamic weather app using the OpenWeather API and React's useState hook.
- Implemented real-time search and responsive UI with form validation and user alerts.
- Live Demo GitHub Repo
